# Dr. Frazier A. Smith

**AI & IT Educator · Learning Design Leader · Community College Leadership**

Charlotte, NC · frazier@vfrazier.app · vfrazier.app · linkedin.com/in/fraziersmith

## CURRENT ROLES

**July 2025 – present**

### Department Chair, Network Management, Cybersecurity, and Cloud & Virtualization

Central Piedmont Community College

**Program areas: Cybersecurity · Cloud & Networking · IT Support**

**March 2023 – present**

### Instructor, Network Management, Cybersecurity, and Cloud & Virtualization

Central Piedmont Community College

**October 2025 – present**

### Associate Graduate Faculty

UNC Charlotte — School of Data Science & College of Computing and Informatics

**January 2026 – present**

### Adjunct Instructor, Honors Program

Wingate University

## RESEARCH FOCUS

The application of artificial intelligence in career-development programs, and the effectiveness of post-secondary career and technical education in preparing students for industry — specifically, how generative AI is reshaping entry-level IT roles, and what community-college curriculum must change in response.

## SPONSORED RESEARCH

**July 2025 – July 2028**

### Co-Principal Investigator, Generating AI Talent (GAIT)

NSF Advanced Technological Education · Award #2500901 · $454,000 · PI: Dr. Carl Arrington, Central Piedmont Community College

Coordinates faculty development, leads course redesign for the core AI curriculum, and directs community AI outreach. Building one of NC's first associate-degree AI programs.

## GRANTS UNDER REVIEW

**Under review**

### Principal Investigator, ASPIRE-IT

NSF S-STEM · Track 1 · $2,000,000 requested

## EDUCATION

**May 2025**

### Ed.D., Education, Concentration in Instructional Design and Technology

South College

**Summa Cum Laude · GPA 4.00**

**November 2024**

### Ed.S., Instructional Design and Technology

South College

**March 2023**

### M.S., Information Technology Management

Western Governors University

**August 2018**

### M.Ed., Instructional Systems Technology, Training and Development

UNC Charlotte

**May 2014**

### B.M.E., Music Education

Wingate University

## CERTIFICATIONS

- CISSP — Certified Information Systems Security Professional ($ISC^2$)
- AWS Certified Cloud Practitioner
- Nutanix Certified Professional
- VMware Certified Cloud Infrastructure Administrator 2024
- Double VCP — Data Center Virtualization & Network Virtualization
- VMware Carbon Black Endpoint Protection 2020
- Fortinet FortiGate 7.4 Operator
- CompTIA Network+ ce

## SKILLS

**AI & machine learning** — LLM, RAG & agentic system design · AI curriculum development (Azure AI-102-aligned) · prompt engineering instruction · machine learning fundamentals · AI ethics & responsible-use education

**Cloud & virtualization** — AWS · Microsoft Azure · Google Cloud · VMware vSphere & NSX · Nutanix · cloud-native data pipelines

**Infrastructure & security** — Linux/UNIX administration · data center design, operations & troubleshooting · networking · security operations & endpoint protection (CISSP)

**Software & data** — Python (introductory through advanced) · software requirements, architecture & testing · IT project management · xAPI & learning analytics

**Learning design** — ADDIE & Agile course development · certification-aligned curriculum design · asynchronous/online course design · OER authoring · training & technology needs analysis

**Program leadership** — curriculum governance & accreditation alignment (SACSCOC/NCCCS) · degree program design & launch · NSF grant writing & project management · employer advisory boards & industry partnerships · faculty development

## CAREER HISTORY

**2023 – present**

### Instructor → Department Chair, Network Management, Cybersecurity, and Cloud & Virtualization

Central Piedmont Community College

**2024–2025**

### Senior Manager of Solutions Engineering

Fast Lane US

- Built and integrated a Jira Service Desk with the team's CRM — replaced an email-driven request cycle with a trackable, streamlined workflow.
- Designed customized technical training solutions directly with customers, Sales, and Services teams.

**2023–2024**

### Leader, Content Development — VMware vSphere Foundation & Cloud Director

Broadcom

**2022–2023**

### Senior Manager, Technical Content Development

VMware

- Owned 16 courses across vSphere, VMware Cloud, and HCX — $40M in customer revenue in 2022.
- Led a 12-person instructional design and content development team.
- Modernized the team's process from ADDIE to an Agile, SAM-based approach for SaaS-speed development.

**2021–2022**

### Technical Content Development Manager — vSphere / VMware Cloud / HCX / SD-WAN

VMware

- Oversaw the same 16-course vSphere/VMware Cloud/HCX portfolio — $30M in customer revenue in 2021.
- Planned the team's shift from instructor-led training to modular eLearning and bespoke learning paths.

**2020–2021**

### Senior Technical Instructor — Carbon Black & VMware on AWS Lead

VMware

- Delivered courses globally with a 4.95+ instructor rating.
- Spearheaded curriculum updates for Carbon Black and VMware Cloud on AWS.
- Introduced SOPs and metrics for demand scheduling and class cost/utilization.

**2019–2020**

### Technical Trainer

Anomali

- Converted product training videos into interactive simulations and walkthroughs with a UK-based team.

- Trained international clients on threat intelligence and the Anomali Altitude platform, in the US and India.

**2018–2019**

### HR Training & Communications Manager

SnapAV

- Implemented the company's first learning management system and built training modules in Captivate.
- Revamped a five-week Customer Care program and built a management mastery track for new/promoted managers.

**2015–2018**

### Mid-Level Manager, Instructional Design

CPI Security

- Developed 40+ training modules, including the Bluetooth-beacon xAPI module that won DevLearn Best in Show.
- Built a custom-coded feedback portal supporting manager performance discussions.

**2014–2015**

### Program Manager, eLearning

Belk

- Managed a custom LMS (Oracle 11g, SQL, ASP.NET) integrating PeopleSoft and SuccessFactors data.
- Launched a gamification pilot for store employees and built a training-insights tracking database.

**2011–2013**

### Educational Technology Specialist

Wingate University

- Built an iPad training program to help professors integrate tablets into lecture-based instruction.
- Ran professional development sessions and provided one-on-one classroom technology support.

## TEACHING

### Central Piedmont

- **CIS-110** · Introduction to Computers
- **CSC-124** · Python Programming
- **CSC-214** · Artificial Intelligence II CURRENTLY TEACHING
- **CSC-228** · Chatbot Programming II CURRENTLY TEACHING
- **CTI-120** · Network and Security Foundation
- **CTI-130** · OS and Device Foundations
- **CTI-260** · Data Center Troubleshooting
- **CTI-270** · Data Center Design
- **NET-226** · Network Programmability CURRENTLY TEACHING
- **NET-289** · Networking Capstone CURRENTLY TEACHING
- **NOS-120** · Linux/UNIX Single User CURRENTLY TEACHING
- **NOS-220** · Linux/UNIX Administration II
- **SEC-110** · Security Concepts

### UNC Charlotte

- **DSBA 6190** · Cloud Computing for Data Analytics CURRENTLY TEACHING
- **ITIS 3300** · Software Requirements, Testing and Analysis CURRENTLY TEACHING
- **ITIS 3310** · Software Architecture and Design
- **ITIS 6342** · IT Project Management

### Wingate

- **Honors 315** · Applied Innovation (AI) for Honors CURRENTLY TEACHING
- **WELL 100** · Digital Wellness & AI CURRENTLY TEACHING

### Wake Tech

- **CTS-115** · Information Systems Business Concepts CURRENTLY TEACHING
- **CTI-110** · IT Foundations

### Wayne CC

- **CSC-113** · Artificial Intelligence Fundamentals
- **CSC-114** · Artificial Intelligence I CURRENTLY TEACHING
- **CSC-214** · Artificial Intelligence II
- **CSC-224** · Advanced Python

### East Carolina University

- **ICTN 2510** · Network Environment I CURRENTLY TEACHING

### Point University

- **CISM 225** · Introduction to Linux CURRENTLY TEACHING

## PROFESSIONAL DEVELOPMENT TEACHING

### AI + Cyber: AI Powered Cybersecurity

NITIC Working Connections · Fall 2026, Session II. Five-session professional development course for IT faculty on integrating artificial intelligence into cybersecurity instruction.

## CURRICULUM DEVELOPMENT

### Five IT degree concentrations EFFECTIVE FALL 2026

Redesigned and launched Cybersecurity, Cloud & Networking Technologies, Data Analytics, Software Engineering, and IT Support. Produced degree information sheets, advisor guides, and student-facing materials for each.

### NOS 220 · Linux/UNIX Administration II

Designed as an asynchronous course aligned to Red Hat RH134 objectives.

### CSC 214 · Artificial Intelligence II

Designed and aligned to Microsoft Azure AI-102 certification objectives.

### Digital Wellness & AI

Honors course designed for Wingate University.

### "Would You Pull the Lever?"

AI ethics workshop developed under NSF ATE award #2500901.

### xAPI learning-record system

Built and deployed to support hands-on cybersecurity lab instruction.

Open educational resource published under NSF ATE award #2500901. View the OER →

**VMware Cloud on AWS 2024** VIRTUAL INSTRUCTOR-LED TRAINING
40-hour on-demand video training course.

**VMware HCX 2024** VIRTUAL INSTRUCTOR-LED TRAINING
40-hour training course.

**VMware vSphere: Install, Configure, Manage v8** CONTENT MANAGER

**VMware vSphere: Operate, Scale, Secure v8** CONTENT MANAGER

## SPEAKING TOPICS

Eight talks regularly delivered in keynote, panel, and workshop formats. See /speaking for full abstracts.

- Building one of NC's first associate-degree AI programs — Higher Ed · CTE
- What AI is doing to the entry-level IT job — and what to teach instead — Workforce · Research
- Would You Pull the Lever? Ethical dilemmas in the age of AI NSF — Ethics · AI · Workshop
- LLMs, RAG, and agentic development as instructional-design tools — Instructional Design
- Modernizing technical training: ADDIE to Agile at the speed of SaaS — L&D · Industry
- Industry partnerships that actually serve students — Partnerships · CTE
- xAPI and learning analytics for technical training programs — Analytics · L&D
- From the music classroom to the server room: an instructional design career through-line — Career · Pedagogy

## RECENT TALKS

**Aug 2026**

### AI Tools for Curriculum and Instruction WORKSHOP

Highland School of Technology — Professional Development Day · Gastonia, NC

**Jun 2026**

### AI Revolution: Shaping the Future of Business + Talent in Charlotte PANEL

Charlotte AI Summit · Charlotte, NC

**Apr 2026**

### Jobs, AI, and Gaston County: A 2026–2036 outlook, and integration approaches for the area KEYNOTE

Highland School of Technology — Advisory Board · Gastonia, NC

**Oct 2025**

### AI in Education Panel PANEL

Building Bridges Convening · Greensboro, NC

## WRITING

- Rescuing a 1996 Kitchen with an AI Decompiler, Part 1: Cracking the Archives — Notes, Oct 2026
- Rescuing a 1996 Kitchen with an AI Decompiler, Part 2: From Bytecode to iPad — Notes, Oct 2026
- What a music-education degree actually transferred to IT leadership (and what it didn't) — Teaching, May 2026
- What I learned standing up an xAPI lab system for a CC cybersecurity program — Instructional Design, May 2026
- Why a 1967 thought experiment is still the right tool for AI ethics — Research, May 2026
- The case for teaching cloud through real infrastructure, not labs — Teaching, Apr 2026
- ADDIE is not the enemy. Pretending you're still doing ADDIE is. — Instructional Design, Mar 2026

## HONORS & AWARDS

- Worldwide Training Delivery Impact Award
- Worldwide Sales and Strategy Acceleration Quarterly Award — Accelerator
- Team Member Excellence Award
- Best of Show — DevLearn DemoFest (2016)

## SERVICE

**2025 – 2028**

Faculty Senator, Central Piedmont Community College

**July 2026 – present**

Chair, Curriculum Committee, Central Piedmont Community College — member since 2025; authored the Curriculum Management and Program Review Committee charter, its RACI model, and program evaluation instruments aligned to SACSCOC and NC Community College System standards.

**2026 – 2027**

Faculty Readiness Chair, Canvas Implementation Taskforce, Central Piedmont Community College

**2017 – present**

Advisory Board member, Highland School of Technology (Gastonia, NC) — eight years of service.
